

TWO MORE CAMPS COMING TO PALO DURO PARK

COLLEGE OPENS WITH LARGE ATTENDANCE

HALLS ARE FILLED AS TERM OPENS

Registration Started on Tuesday With the Freshmen

INCREASE LIKELY

Upper Classmen are Coming By End of the Week

Enrollment at the College is reported very satisfactory for the first two days with prospects that the total for the quarter will equal that of last year. Judging from the number of freshmen enrolled Tuesday and yesterday, if the upper classmen return in as large numbers as expected, it would not be surprising to see an actual increase in the College enrollment over that of last year.

The total number who has passed the registrar's office yesterday was 538, which is above the usual number for the first two days' enrollment. Many of the upper classmen will enroll during the balance of the week. The total enrollment of last year at the end of the 12 weeks period was 741. The opening enrollment for this fall indicates that this number may be exceeded.

Randall Hall, opening as a co-operative home, is full with 98 girls taking advantage of the opportunities offered for economical living quarters. Cousins Hall has 72 girls, lacking only a few of being to capacity. Light housekeeping quarters have been very much in demand.

Extension classes will be underway in several towns this fall, through arrangements now being completed. A class of 30 has been started at Pampa, and two more classes are being planned for Amarillo.

President J. A. Hill will return Sunday from Boston and is expected to make announcement regarding the vacancies created by the resignations of Dr. Albert Barnett and Miss Cleo Holmes.

Safe Tapped Sunday at P. & G. Grocery With \$215 Stolen

The safe of the P. & G. Grocery was broken open Sunday night and \$215 in cash stolen. Entrance into the building was made through the back door which was pried open with a bar.

The door of the safe was smashed by a heavy hammer. No clues have been discovered as to the identity of the thieves.

108 Entries in Home Demonstration Fair

West Side Club Takes First; Exhibit to Tri-State Fair

108 entries were made by the women and girls of Randall county in the Home Demonstration County Fair and 4-H Club exhibit held in the court house Tuesday and Wednesday.

The West Side Club was winner of first place on the club exhibit, with Edgetown second, and Sunny Hill third.

From the winners of the various classes a county exhibit will be taken to the Tri-State Fair at Amarillo next week.

The following were individual winners, 1st, 2nd, and 3rd places: Blackeyed peas: Mrs. K. W. Sherer, Park; Mrs. M. H. Rockwell, Zita; Mrs. J. E. Hunter,

Buffaloes Face Hard Foe in Friday's Go

Baggett's Men Whipped Into Shape for First Battle

After an intensive training period of ten days, Coach Baggett's 1933 Buffalo football team will see action for the first time of the season at Weatherford, Okla., Friday night at 8:00 o'clock. The team left this morning at 9:45 and will return Saturday after the opening battle of the season.

The team has been put through a strenuous training period, which has fast developed form. They will face a team coached by Rankin Williams, one of the best known coaches of Oklahoma.

Baggett probably will send a starting lineup that weighs on an average of 183 pounds against the Bulldogs.

This bulk will be matched with the 171-pound average of the Sooner starters as announced by Coach Williams.

These figures give the Buffs an advantage in almost every position. When Baggett has 148-pound Morgan at quarter, Williams has 144-pound Ayers at full. But the Bulldogs boast a 190-pound halfback, while the Buffs' largest is Spence at 183.

Manning tops the Buffaloes' line with his 225 pounds at tackle, while the Bulldogs' largest lineman weighs 185.

The game is being dedicated to the late Sam Burton, former coach of the Buffaloes and the mentor under whom Rankin played during his college days.

While the Buffaloes are large and are just beginning play under the Rockne system as coached by Baggett, the Bulldogs are fleet, tricky and have six veterans who are well versed in the methods of Williams' coaching.

So all this dope means nothing, as is the habit before opening or even early season games. The clubs will fight it out Friday night and fans will have their first real idea of what possibilities the Buffaloes may have this season.

Capt. H. O. Price Reports for Duty in C.C.C. Service

Captain H. O. Price left Tuesday for Oakhurst, Texas, where he has been assigned to six months service in the Civilian Conservation Corps. He has been assigned to Company 897 at Camp P-60-T.

Captain Price is one of a number of Texas reserve officers who have been ordered to active duty for the purpose of relieving army officers now assigned to the C. C. C. camps.

Tyson Cox went to Stephenville last week to attend John Tarleton College.

800 LITTLE PIGS TO GO TO MARKET

Slaughter of Four Million Pigs by the Government

DOWNING BUYS PIGS

Few Sows Are Being Sold in Campaign to Reduce Pork

Randall county has contributed 800 pigs to the government's campaign of reducing the hog population of the nation.

S. M. Downing shipped 400 pigs last week, and will ship 400 more next Saturday.

Mr. Downing received a permit from the commission houses of Kansas City to buy and ship the pigs. The government buys pigs under 100 pounds, killing them to make fertilizer. The campaign was started with the view of destroying 4 million pigs and 1 million sows, but the farmers have not sold their sows. It is stated that the 4 million pigs will have been destroyed by Sept. 27th.

While any regular dealer is allowed to buy up pigs, they must receive a permit from the commission houses before the railroad will receive the pigs for shipment. Mr. Downing is the only dealer in Randall county who has been granted a permit. He is paying from 4 1/2c to 5 1/2c per pound for the pigs. He is not guaranteed a price by the government in advance of his purchases.

Mr. Downing states that he regrets very much to see the pigs of Randall county shipped to market. (Continued on last page)

Barnett Resigns

DR. ALBERT BARNETT

Dr. Albert Barnett resigned his position on the faculty of the West Texas State Teachers College Friday and accepted a position on the faculty of the Texas Technological College at Lubbock.

Dr. Albert Barnett Resigns From W.T. Goes to Tech College

Dr. Albert Barnett has resigned his position in W. T. and will move this week to Lubbock, having accepted a position on the Tech faculty. Dr. Barnett has been a member of the Education Department since 1925 and has been one of the outstanding instructors in the College.

In addition to his work in the College, Dr. Barnett has been very active in many lines of work in the city. He was an elder in the Presbyterian Church and teacher in the Sunday school; he was a member of the school trustees for the Canyon Independent School district; and was a member of the Chamber of Commerce directorate.

President J. A. Hill will return home Sunday and will announce the successor of Dr. Barnett and of Miss Cleo Holmes, who resigned last week.

MARRIAGE LICENSES

Clark W. Ash and Miss Anna Marie Frank, Sept. 15.

Ernest Hollenstein and Miss Ruth Frank, Sept. 16.

Diamonds and Wedding Rings, E. Burroughs, Jeweler.

Harold Shanklin of Panhandle was home for the week end. He is with the State Highway Commission and was looking for trucks for highway work.

Highway Squabble Is Settled--Men at Work

Relief Committee to Be Paying Agency on Highways

A squabble between the Highway Commission and the Relief Commission at Austin resulted in all highway plans in Randall county being stopped from Thursday until Saturday. But with the adjustment of differences over the week end, 25 men were put to work Saturday on widening the right-of-way east of this city to the Palo Duro State Park, and about 50 men have been working every day this week.

Under the present plan the projects will be furnished by the highway engineers, and the relief committee will furnish and pay for the labor.

Engineer E. H. Gohmert received orders to concentrate all work on the highway east to the Palo Duro Park. 125 men were registered up to Tuesday morning for this work, and it is expected that fully 300 men will ask for work on the project. Thirty hours per week at 35 cents per hour has been determined as the maximum any one man may draw.

Moving the fences back will be the first work, following which actual construction will start on building the grades. The highway commission is arranging to furnish necessary money for teams or trucks which may be required on the job.

All of the right-of-way from resident land owners has been secured by Judge S. B. Orton and members of the Commissioners Court. A few of the non-resident land owners have forwarded deeds for the right-of-way, but some are still holding out for damages, and it may be necessary to start condemnation proceedings in order to secure all of the right-of-way. The standard 100 foot right-of-way is required.

No money has been made available for a bridge over the Tierra Blanca, nor for culverts, but it is believed that this will be available before the grade has been completed. It is believed that when this money is made available that the highway work. (Continued on last page)

400 MEN TO BE ADDED AT CANYON PARK

Companies Will be Moved Here During Coming Six Weeks

HIGHWAY TO EAST

Work Will Be Ended at Palisades on First of October

Word from Austin indicates that two more companies of C. C. C. workers will be established at the Palo Duro State Park during the coming six weeks. Request for additional companies was made some time ago by the citizens committee working for the Palo Duro project. Announcement of the decision was made Saturday when T. E. Johnson, chairman of the committee, laid the plans before F. A. Dale, director of national park work in Texas.

It is indicated that one camp will be established by the first of November, and a second camp by the first of December. This would make five C. C. C. camps at the Palo Duro.

Work at the Palisades will be closed on the first of October, but no announcement has been made as to the disposition of the men and property. Major J. E. Watson is making a survey of the government property, but no decision has been made as to its disposal. The men will probably be used for replacements in other camps.

It is stated that the Palo Duro Park that about 75% of the men in the three companies have re-enlisted for a period of six months. The President recently ordered that enlistments expire on the first of October, and that new enlistments start with that date in order to make the expiration date uniform in all of the C. C. C. camps.

Requests have been made by South Plains citizens for a road to the Palisades on the south, connecting with the new highway between the Palo Duro and the town of Canyon. A delegation of Plainview citizens was in Canyon last. (Continued on last page)

Olympic To Have Free Show Friday and Saturday

Free shows will be put on at the Olympic Theatre this week to which an invitation has been issued by W. J. Wooten, owner.

The students of W. T. will be entertained Friday afternoon at 4:15 o'clock. Three free shows will be given Saturday, one at 10:00 a. m., again at 2:00 p. m., and the last one at 4:00 p. m. The Theatre will be opened to all citizens for the three shows on Saturday.

MORE FIRMS MAKE MOVES ON SQUARE

Thompson Furniture to Building Next to Hardware

OTHERS CHANGE

Largest Number Changes Witnessed in Years

Moves among business firms have added several changes this week to the number which were made the first week of September. More moves were made in the business section of Canyon during the present month than have taken place in several years.

Thompson Hardware Company has leased the former location of the Canyon Supply Company, and will move the furniture department to the new location. Workmen are remodeling the building, and cutting a doorway between the hardware department and the new location. T. C. Thompson, president of the firm, states that he hopes to have the furniture stock moved to the new location during the coming week.

The stock of the old Supply corporation, which was recently sold at receiver's sale to O. N. Ganole and Roy Cheatham, was moved to the building of Mrs. R. W. Ratcliff, east of the Texas Utilities office.

E. H. Porter has stored his barber equipment, and accepted a position with Madison Daugherty. Mark L. Foster has moved his cafe to the location occupied by the Porter shop.

Red Cross Will Issue Clothing to School Children

Ready made clothing will be issued by the Red Cross Clothing Committee on Friday and Saturday, September 22 and 23, from the Randall County Relief Office in the old Foxworth-Galbraith Lumber Company, according to Mrs. T. C. Thompson, chairman. Children who need school clothing will be taken care of at this time, but no piece goods will be issued.

Second Series Wheat Meetings in Progress

County Organization to Be Formed in Few Days

Large attendance is being had at the second series of meetings being held of the wheat farmers of Randall county. W. H. Upchurch is conducting this second series for the purpose of electing committeemen in the various districts of the county.

Over 600 applications for acreage reduction contracts have been written to date, and about 20 per day are still coming in.

The County Board of Directors will be called as soon as all community committeemen are elected.

The Canyon community will meet tonight at the court house, which will be followed by meetings at Stone, Park, Trigg and Hyland on Friday, Monday, Tuesday and Wednesday.

nesday nights, thus ending the second series of meetings.

Committeemen elected so far are as follows:

Sunny Hill: R. D. Gist, W. W. Kuehn, Henry Ratjen.

Ralph: D. S. Hill, O. H. Rahlfs, J. B. Fox.

Jowell: C. P. Robertson, F. C. Robinson, W. R. Landrum.

Umbarger: Clarence Beckman, John Batenhorst, John Bedenk.

POST OFFICE WILL BE CLOSED SATURDAYS AT 3:00

The Canyon post office started last Saturday afternoon to observe Saturday afternoon closing. Most offices close at noon on Saturdays, but Postmaster Oscar Hunt decided that the local office should remain open until 3:00, then closing the windows until Monday morning. Patrons are asked to look after their business before 3:00 o'clock on Saturdays.

From this distance it rather looks like Colonel Westbrook scored in the first battle with the highway commission over the relief work being handled in the Panhandle. Westbrook demanded that his office handle all of the money. The highway commission is welcomed to do the work, according to Westbrook, but he insists on being the paymaster. Westbrook won, but the victory may be temporary. Rumors and more rumors are going the rounds about the handling of the relief funds. The legislature is taking a look into the matter, and will demand that a full report be made of all relief money. Governor Sterling has been called to give an account of the handling of the relief funds during his administration. Sterling handled the relief money through the West, East and South Texas chambers of commerce, with practically no overhead. When the Fergusons administration took charge, paid organizations were set up in every county. It is the expense of this organization which is causing so much comment over the state, and the legislature is seeking to find out the truth regarding the expenditures. This information will be of value in setting up the machinery for the distribution of the \$20,000,000 relief money which the legislature will approve, either in whole or in part.

County, school and state authorities are hoping that when cotton and wheat checks are received by the farmers from the government that some of the money will be used in paying taxes. The tax situation in Texas has reached a most acute stage. If people would only realize that it is the lack of taxes which is cramping the schools and all local work, they might make a greater effort to pay. Even state taxes come back to the local communities through various agencies. An educational campaign over the state to induce people to pay their taxes at this time is needed. There is \$120,000,000 in taxes due Texas alone, to say nothing of the delinquent taxes due the schools and cities, and counties. The government belongs to the people, and will function to serve the people only so long as supported by the people.

Friday daily newspapers in Texas were loaded down with beer advertising. Page after page of beer advertising greeted the readers as beer became legal in the state. The weekly newspapers in "wet" territory were not so fortunate in this play for beer business. However, so far as reports are made, no great flush of prosperity has spread over Texas as a result of this beer business, such as we were told would result during the recent campaign. The "wets" are not satisfied with beer alone. They will now demand all sorts of liquor and from the way things are going, may get it.

NRA in the final analysis is only a patriotic movement in which every person is asked to do his dead level best to bring about conditions which shall result in recovery from our national headache. This headache is the result of our prosperity, and spear of private and public spending following the war, coupled with the billions of dollars wasted during and since the war. Booms always leave a headache. This one is the worst that the world has ever witnessed, since our people became so crazed by prosperity during the boom.

Building the highway east from Canyon with local labor will mean something like \$30,000 to be distributed among laborers of the county during the coming few months. The wheat growers of the county will receive about \$290,000. In addition something like a half million dollars will be spent at the Palo Duro State Park. All of this is new government money which will be turned loose in business channels of Randall county.

More "crazy" weather in the Panhandle, and generally over the nation. This year has seen such extra-ordinary weather that the California expression "unusual weather" falls to fit. Last week was exceedingly hot, and those places which had not received sufficient rain suffered. Much of the feed crop in Randall county suffered from the dry, hot winds.

The death penalty given to Stanton at Tulsa last week should have a desired effect upon the criminal

SOMETHING ABOUT ADVERTISING

By a Man Who KNOWS What Advertising Is.

Permit us, please, to talk shop for a while and speak a few words on the subject of advertising—which interests everybody.

Advertising interests the producer of goods because he wants as many people as possible to know that he has something for sale and that they can buy his products. A good advertisement is more than a plain announcement of something for sale. It is a public guarantee of quality and honesty and dependability.

Advertising interests the consumer, too. The man who wants to buy something, wants to know where he can buy it and where he can get the most for his money. He wants to be able to BELIEVE what the advertisement says. He wants no bunk nor falsehood, and he punishes betrayal by "never going there any more."

We could say much more on this subject, but we prefer to give most of the space in this column to a man who knows how to conduct a big business successfully and who understands the purpose and practice of advertising. He is Edward A. Filene of Boston, head of a large department store in that city. When he talks, his fellow merchants listen and recently, before the Advertising Club of Boston, he said:

"Unfortunately, a good many people, even some extensive advertisers, do not yet know what advertising is. . . . To some advertisers, advertising is still looked upon as an expense connected with the job of getting a business or a product before the public, and they look forward to the day when this expense can be largely eliminated and the money once spent for advertising can be 'saved.'"

"We might as well think of gasoline as an expense connected with the job of getting a car started, and hope for the time when the car, well on its way, will have no further need for gas."

"There is some validity, of course, in such a point of view. A car can save a good deal on gas while it is GOING DOWN HILL; and a business can save a good deal on advertising while the business is going down hill."

"How to go down hill, however, is not our problem now. Our problem now is how to make the grade. Of course, if any business man really wants to know how to keep going down and down, I don't know of any better way than to try to save on advertising."

"Advertising is the voice of business. To think of it as expense is to misunderstand it entirely. It is as necessary for a business to learn to advertise as it is for a child to learn to talk; and it is his LEARNING to talk, but his NOT learning to talk which is expensive."

Mr. Filene, interested, as everybody is, in the NRA, knows that business is entering upon a new path and asks if advertising will continue to be necessary or if it will be as necessary to do as much advertising in the new time as he and his fellow merchants have customarily been doing. He has heard some advertisers saying, "If the old era of 'desperate, if not cut-throat, competition' is to be eliminated by the NRA, what is the necessity for such a big noise now?"

In answer Mr. Filene reminds us: "Advertising is not a modern invention. It is the voice of business. It came into being when business came into being and must continue as long as business endures. . . . When we examine the facts we are forced to conclude that the great day of business advertising has just begun."

Under the NRA Mr. Filene expects more and better advertising because he looks upon the NRA as "a sacred covenant between American business and the American public by which we undertake to coordinate all the economic forces to the end that everybody's needs shall be adequately supplied."

As you might expect, this newspaper agrees with Mr. Filene. We publish news AND advertising, and we believe in both. We know, out of our own experience what advertising means to both the merchant and the consumer and we are convinced of its essential necessity. A little advertising may START a business, but only continuous, vital, honest and modern advertising will keep it going.

If you are interested, we suggest that you write to "Edward A. Filene, Boston, Mass., for a copy of his speech. No other address is necessary. Everybody in Boston knows Mr. Filene."

However, punishment of crime will never succeed in abolishing crime. Every criminal thinks that he is too smart to be caught. While "crime never pays," the criminal always believes that he is smart enough to beat the law.

IN THE WORLD OF SPORTS

Give a Hand to Rabbit Maranville, Who Is Still Doing His Share Despite 20 Years' Service in the Big League.

BY PHILIP MARTIN

WITH baseball on its last legs, and the two boy wonders, Joe Cronin and Bill Terry, gathering a lot of well-earned applause, let's give a glad hand to—Rabbit Maranville who, some 20 years ago, took his young frame and spirit to the Boston Braves' ballfield and, in 1914, supplied the dash and fight that caused the Braves to flash a whirlwind finish and cop the National League bunting from the Giants.

The Rabbit, one of the smallest men in baseball and past the 40-year mark, was the big punch that put the Braves right up there this year until they hit the recent series with the Giants. The revival of this ancient, after years of service under the big tent, is something of a miracle.

It's tough that the little mid-get couldn't see his team best Terry's Giants in their crucial series. That, indeed, would have been a feather in his cap.

WITH the big foldup of the Yankee tent this year, and the retirement announcement of Ruth's, there will surely be a lot of new faces seen in Manager Joe McCarthy's lineup next year. Who'll they be?

Well, the only familiar mugs you'll spy from the half-buck seats in the bleachers will probably be those of Gehrig, Van Atta, Chapman, Dickey, Gomez and Allen. The rest of the boys will either be riding the bench, or riding locals through the plains of Texas.

To replace the retired oldsters, McCarthy has a lot of likely rookies.

Jack Saltzgaver and Red Rolfe, the latter from Dartmouth, will be seen in the infield, and Myril Hoag, a bench-warmer for the past couple of years, will probably be spearheading them in the outfield. Dixie Walker, a rookie this year, will be out there, too.

A couple of boys, late of college, will be out there on the

mound doing regular duty for the Yanks—Johnny Broaca, of Yale, and Charley Devens, the Harvard gentleman the Yanks sprang on the public late this season.

ALL'S quiet on the fight front, except in the middleweight division. About the classiest scrapper to challenge for that crown in years is Teddy Yarosz, the Monaca, Pa., scrapper.

But who will Teddy tangle with for the crown?

There's Lou Brouillard, who holds the New York Boxing Commission's crown; Gorilla Jones, who holds the National Boxing Association's throne in more than 30 states; and Marcel Thil, the French and foreign titleholder—all claiming world honors.

Yarosz is a fighter of the first water, not afraid of anyone, and proud holder of a record of 70 fights with only one loss. It's tough that there's so many champions. To be a real king, he'd

"Dining Out" in New York

Such scenes as the above, showing a group of people dining on a Fifth Avenue sidewalk, are common in New York where the Parisian sidewalk cafe vogue has become tremendously popular. Manhattanites have become so fond of "dining out" that they have launched a campaign against a civic order closing all such cafes. National interest in the campaign indicates that the custom may spread to other cities.

FIRST CHURCH OF CHRIST
SCIENTIST

15th Street, 7th Avenue.
Services every Sunday at 11 o'clock and Wednesday at 8 p. m. when testimonies, experiences and remarks on Christian Science are given. Sunday school meets at 9:45. All under twenty years of age are invited to attend these classes. Subject for Sunday, "Reality." A reading room is maintained in the church from 3 to 5 on Thursdays, excepting holidays where the Bible and authorized Christian Science literature may be read, purchased or borrowed. The public is cordially invited to attend these services and to visit the reading room.

ST. PAUL'S LUTHERAN CHURCH
5 miles east of Canyon.
Sunday School at 2:30 p. m.
Services, English, at 3:30 p. m.
H. A. Stroebel, Pastor.

Speaking of telephones, as nobody was, here's something else to wonder about: Why are the wrong numbers never busy?

Believing what the campaign managers and the football coaches say about their prospects are real tests of faith.

A Boston man of 97 is learning to play the saxophone. That, in our opinion, is about the best age to learn.

Labor's Chief
Calls on FDR

William Green, president of the American Federation of Labor, is shown above as he left the White House recently after discussing labor problems of federal employees with President Roosevelt. Under Green's leadership, and aided by the NRA movement, labor now seems within sight of its goal—shorter hours, higher pay, elimination of child labor and "collective bargaining."

An Ohio trainer says the best way to control a lion is to bite it. All right. Now tell us the second best way.

We have to keep up a front to please the public and the rear to please the neighbors.

The more conscious a man becomes of his own shortcomings, the wiser he grows.

NOTICE TO ALL RETAIL
DAIRYMEN

There will be a meeting Monday evening, Oct. 2, 1933 at 7:30 in County Commissioners Court Room to take application for future Dairys and to explain the ordinance to all who might be interested.
LEWIS DODSON,
2702 Asst. City Health Officer.

WAKE UP YOUR
LIVER BILE—
WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

Don't Suffer From Sour
Stomach, Indigestion

Indigestion, acidity, heartburn and sour stomach often lead to serious stomach trouble. Dr. Emil's Adia Tablets counteract these conditions. Give quick relief. Jarrett Drug Company.

GOOD GAS WITH DEPENDABLE SERVICE

Appeal and Food Value
Important in School Lunch

More and more each year the world is run on a minute-to-minute basis, and especially is this true in the early morning, so school lunches which may be packed in a few minutes are demanded.

Sandwiches, of course, are always included in the school lunch; and most popular of all are meat sandwiches because they make almost a balanced meal in themselves with milk and fruit. Meat furnishes high quality protein, which is most essential for the growing child, since it is the building material of the body. In addition meat furnishes necessary minerals and vitamins.

Prepared cold meats, if always kept on hand, are quickly made into sandwiches, and from the number of different kinds of ready-prepared meats on the market, there should be plenty of variety. Cold roast meat may be made into excellent sandwiches when sliced thin and combined with lettuce and mayonnaise or chopped pickle. Therefore, it is a good idea to have enough left from the dinner roast so that you can make the sandwiches in a hurry the next morning.

Meat salad sandwich spread may be made the day before—in fact, there are so many combinations for sandwiches with meat, either sliced or ground, that one need never lack variety, it is pointed out by Inez S. Willson, home economist.

Get good meats here for school lunches, at fair prices.

Notice
to Taxpayers

In compliance with the recent laws passed by the 43rd Legislature, regarding "Delinquent Taxes," I wish to call your attention to the following plan provided by the Bill:

All State and County taxes delinquent on or before February 1st, 1933, if paid before October 1st, 1933, will take only 1 per cent penalty and NO INTEREST.

If they are paid after October 1st, 1933, and before December 31st, 1933, they will take 2 per cent penalty and NO INTEREST.

If they are paid after December 31st, 1933, and before March 31st, 1934, they will take 4 per cent penalty and NO INTEREST.

If they are paid after March 31st, 1934, and before June 30th, 1934, they will take 6 per cent penalty and NO INTEREST.

YOU WILL SAVE MONEY BY PAYING
YOUR DELINQUENT TAXES.

R. N. Barnett

Tax Collector, Randall County.

Jowell Items

Rev. Lindley will be with us Sunday to fill his preaching appointment at the eleven o'clock hour. He will tell us at this time whether or not he can be with us for the evening services.

J. J. Leavitt and children returned from Lincoln, Illinois Sunday where they have been visiting relatives the past five weeks. They also attended the World's Fair in Chicago before returning home.

Mr. and Mrs. A. L. Glenn and daughter Ruth left Monday for Floydada where they will visit relatives. They intend to return Wednesday.

Mr. and Mrs. Earl J. Davis and Mrs. Mary Burtz spent Sunday in Amarillo with Mr. and Mrs. W. H. Bailey and family.

Mrs. Mary Burtz who has been with her daughter, Mrs. Earl J. Davis, since harvest, returned to her home in Canyon Sunday.

Mrs. H. L. Garvin visited her daughter, Mrs. Louis Henders, Monday evening.

Mrs. Earl Burtz and Mrs. C. W. Fewell spent Friday afternoon with Mrs. Earl J. Davis.

Word has been received that a baby girl was born to Mr. and Mrs. Bob Visage.

Frank Byrd, who has been in Oklahoma the past few months, is visiting in the O. M. Scott home.

Charlie Scott of Oklahoma arrived last week to visit his uncle, O. M. Scott.

Miss Ruth Burtz who has been visiting in our community for the past several weeks, returned to her home in Canyon Sunday.

Rusk Quizzes

We received a one inch rain Tuesday night which helped to bring the wheat up.

Mrs. A. B. Babb and Louis Foster of Canyon spent Sunday afternoon in the H. W. Dawdy home.

Mr. and Mrs. Clarence Stalling and daughter Dorothy Dean spent Sunday with Mr. and Mrs. J. T. Sykes and family.

Mrs. V. H. Padgett and children visited Mrs. O. A. Smith and daughters Wednesday afternoon.

School started Tuesday. All of the pupils were anxious for it to start. The people of this community are proud of the new school bus we have.

Mrs. Joe Russell and Mrs. Ann Ratjen were shopping in Canyon Saturday.

Mr. and Mrs. A. O. Smith and family visited Sunday with O. D. Bragg and family.

Depression thought: Nothing in nature can stand still. When you hit bottom there's no way to go but up.

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

Midwest Epidemic Spurs Research Into Nature of 'Sleeping Sickness'

SINCE the "sleeping sickness" epidemic began to reach alarming proportions in the midwest, the nation's medical scientists have been working at fever pitch to learn the cause of the insidious disease, and to keep it from spreading.

The sudden appearance of the malady led to the belief that mosquitoes were responsible. This theory was exploded, though, when records revealed that cases of sleeping sickness have occurred in winter. Drinking water, likewise, was exonerated from blame.

Scientists generally believe that "epidemic encephalitis" (sleeping sickness) is brought on by a non-filtrable virus; that is, a virus that cannot be filtered or seen under a microscope. Further obscuring the nature and cause of sleeping sickness is the fact that the symptoms are not alike in every case. One victim may suffer weakness and drowsiness; another, in addition, may "see double"; others may suffer delirium and terror. In addition to these symptoms, encephalitis victims have experienced fever, headache, insomnia, muscle twitching, pains in the limbs, mental and vocal disturbances, over-muscular and over-mental activity, and a host of others.

According to a prominent health authority, epidemic encephalitis is far more hazardous than infantile paralysis. Victims of sleeping sickness generally suffer first an acute illness, which may run a stormy course for weeks or even months. During this acute phase, about 25 per cent of the victims die. Those patients who recover may suffer pitifully from after-effects of the disease. In children particularly there is often arrest in mental development and behavior disturbances of a distressing nature. And many adult victims later develop the condition called Parkinson's disease, or shaking palsy.

FOR the past 221 years the nature of sleeping sickness has been known. But only in the past 15 years or so—in which period over 10,000 victims have perished—has science been seeking its cause. Shortly after the World War a series of epidemics swept throughout the world. One of them, which visited Japan in 1924, took a toll of 4000 victims. Formerly called "lethargic encephalitis," the disease began then to be known as "epidemic encephalitis." Though similar in some respects, it is definitely not the same malady as the African "sleeping sickness," from which hundreds of thousands of na-

Three victims of the dread disease, "epidemic encephalitis" (sleeping sickness), are shown above. Joe Huggins, above, 9-year-old Memphis, Tenn., lad, and Patricia Maguire, bottom right, of Oak Park, Ill., have each slept almost two years. At left below is Vivian Freeman of Carsonville, Mo., who was one of the many victims of the midwest epidemic.

tives have died. The African ailment is caused by germs deposited in the blood stream by the dread tsetse fly, and is not epidemic.

Frequently the unnatural slumber into which victims sink has lasted for a long time. Patricia Maguire, an Oak Park, Ill., girl, for instance, has slept through two birthdays. Nine-year-old Joe Huggins, of Memphis, Tenn., has slept fitfully for almost two years. And there's the case of a Russian girl, Evdokiya Lichagina, 19, who awakened after sleeping seven years and two months; while Jim Eashinger of Fort Smith, Ark., died in 1922 after sleeping seven and a half years.

Jeweler Builds Model Train

Dan Kugler, Los Angeles jeweler, is shown above with the miniature locomotive which he built to exact scale, aided by magnifying glasses and jewelers' tools. It required 3000 hours of Kugler's spare time to complete the 30-inch engine, which has all the mechanical parts, even to valves and gauges, of a standard locomotive. Kugler has also constructed two model railway cars, which he completed in two years' time.

Speaking of fruit, the first apple caused a lot of trouble for the first pair.

Chickens that come home to roost have more sense than some people.

Another cause of divorce is the fact that marriage doesn't change the disposition of two spoiled kids.

What is A Fuse?

Why are fuses installed in every home you ask.

They don't seem to do any good and they burn out out at the most embarrassing moments. They are apparently the only part of your electric wiring system that causes you any trouble.

But—Fuses are not trouble makers—they are trouble savers. They are little safety valves placed in the system for your protection. A fuse never burns out unless something is wrong. Either you have over loaded the wiring or the wiring is defective. When a fuse burns out call us. We are ready to serve you day or night.

Poor Gandhi! Arrested Again

It's getting so that jail is a second home to Mahatma Gandhi, famed Nationalist leader of India. The scantily clothed pacifist was arrested again at Ahmedabad and taken to Poona with his wife, secretary and 32 disciples. The Indian leader, shown above at right on his way to jail, was arrested this time for preparing to launch a new campaign of civil disobedience. He was given a year's "simple imprisonment" in consideration of his age.

1925 BRIDGE CLUB
HAS FIRST MEETING

Mrs. C. R. Flesher was hostess Wednesday afternoon to members of the 1925 Bridge Club at their first meeting of the fall season. Fall flowers were arranged attractively in the rooms in which the guests played bridge. At the business meeting which followed the following new officers were elected: Mrs. R. N. Barnett, president; Mrs. J. J. Walker, vice-president; Mrs. A. H. Prichard, secretary-treasurer; and Mrs. J. M. Daugherty, reporter.

A tasty dessert course was served by the hostess. Those present were: Mrs. J. L. Duffot, Mrs. Frank R. Phillips, Mrs. R. N. Barnett, Mrs. J. J. Walker, Mrs. Burt Newlin, Mrs. W. A. Warren, Mrs. C. M. Presley, Mrs. A. H. Prichard, Mrs. T. S. Maxwell, Mrs. Cecil Newberry, Mrs. M. L. Saddoris, Mrs. Forrest Ferrell, Mrs. J. M. Daugherty, Mrs. Levi Cole, Mrs. Winfield Miller, and Mrs. G. A. Farlow.

MRS. A. N. BURGAN
HONORED ON BIRTHDAY

In appreciation of her work as president of the West Side Club, and honoring her birthday, the ladies of the club together with their husbands gathered at the home of Mrs. A. N. Burgan for a surprise party on her birthday anniversary, Thursday evening, September 14.

Progressive 42 was played at seven tables and at a late hour an iced course was served to a large number of guests.

MRS. MERLE FOWLER
HONORED WITH SHOWER

Honoring Mrs. Merle Fowler, who left Wednesday with her husband for the opening of school work near Lockney, Mrs. J. J. Walker and Mrs. P. F. Hicks entertained Tuesday evening at the home of Mrs. Walker. An informal evening was spent at visiting and admiring the miscellaneous household gifts which were presented the honoree.

A dessert course was served to the following: Mrs. Merle Fowler, honoree, Mrs. Oia Beason, Mrs. F. E. Savage, Mrs. Frank Phillips, Mrs. Stella Murrell, Miss Ethel Murrell, Mrs. I. B. Carruth, Mrs. Elmer Wooten, Mrs. Lenton Pool, Mrs. John Jennings, Mrs. Burt Newlin, Mrs. Clarence Thompson, Mrs. Guy Harp, Miss Winnie Dee Hicks, Miss Ann Johnson, and Miss Jewell Chambers.

CENTREVIEW H. D. CLUB
MET FRIDAY, SEPTEMBER 15

Mrs. Lester Bryan was hostess to the members of the Centerview H. D. Club Friday, Sept. 15. Nine members and four visitors were present for the discussion on grape juice making.

Exhibits for the county fair were brought to this meeting.

Mrs. Elmer Miller has invited the club to be her guests at a social on the evening of Sept. 22.

The next club meeting will be held at the home of Mrs. S. Sharpes. Miss Bass will be present to give a demonstration on floor finishes.

THIMBLE CLUB WITH
MRS. CHAS. STRATTON

The Thursday Thimble Club met with Mrs. Chas. Stratton as hostess. Matt. XVI was studied by the group following the opening song and prayer. The president presided over the business session, with each member answering roll call with a current event.

The program consisted of simple childhood games, and two readings by Mrs. George Stanley. Needlework was displayed and engaged in for some time. The hostess brought forth quilt scraps to Mrs. W. M. Dickerson, but on investigation they proved to be birthday gifts. Many useful presents were received.

The following were served with ice cream and apple sauce cake: Mrs. R. E. Marshall, Mrs. W. M. Dickerson, Mrs. J. T. Marshall, Mrs. Carl Canarsdal, Mrs. George Stanley, Mrs. Emma Hale, Wilma Jean Dickerson, Fay Dell and Sue Nell Dickerson, Mr. and Mrs. Chas. Stratton, and Charles, Jr.

The next meeting will be with Mrs. John Knight. Each member will answer roll call with an Irish joke.

BUSINESS WOMEN'S CLUB
MEET WEDNESDAY EVENING

Miss Irene Presley and Miss Gladys Beavers were hostesses Wednesday evening to the members of the Business Women's Club at the home of Miss Presley, 1813 Fourth Avenue. Bridge was enjoyed throughout the early part of the evening, following which a business session was conducted with the president, Mrs. James Cole, in charge.

A dessert course and iced punch was served at the refreshment hour. Those present were: Mrs. N. E. McIntire, Mrs. R. E. Ball, Miss Fannie Sue Brasuel, Mrs. R. N. Barnett, Miss Gladys McLellan, Miss Elizabeth Croson, Miss Sadie Kate Bass, Mrs. W. A. Warren, Miss Olive Schramm, Mrs. C. M. Presley, Mrs. Lige Frieze, Mrs. J. J. Walker, Mrs. James Cole, Miss Winnie Davis, Miss Ed Mickley, Mrs. Earl Robbins, Mrs. Berl Mayfield, Mrs. Clyde Davis, and Miss Lillian Atkins.

JUNIOR SUNDAY SCHOOL
IS ENTERTAINED

The Junior Sunday School of the Church of Christ was entertained Friday night at the home of Mr. and Mrs. F. A. Thomas. Games were played, and Mrs. G. W. Cox presented a few moving picture reels.

Refreshments were served to: Mayben Howard, Martha Johnson, Arthur Lee Chambers, Jewel Chambers, Mildred Clouch, Mary Ellen Hurst, Mavis Hardin, Mary Lee West, Thelma Bryant, Sewell Cox, Lavina Watkins, Leslie Lisle, Gladys McBride, Tinnie Dora Brooks, Sam Archer, Wesley Cox, Jack Inman, James Willeford, Mr. and Mrs. G. W. Cox, and Yvonne Thomas.

MISS RUBY LYON
MARRIED AT CLOVIS

Miss Ruby Lyon of Canyon and Marvin D. Evans of Ft. Sumner, N. M., were united in marriage Sept. 16th at Clovis, with Rev. J. E. Nix, officiating.

Mrs. Evans is the daughter of Mrs. M. B. Lyon of Canyon. She graduated from W. T. and has taught the past four years at Ft. Sumner.

Mr. Evans received his B. S. degree from the University of Colorado and his master's degree from the University of Cleveland, Ohio.

After a short visit with Mrs. Lyon the couple left for Cleveland, Ohio, where he will teach in the University.

WEST SIDE H. D.
CLUB MEETS

The West Side Home Demonstration Club met at the home of Mrs. John Miller on Wednesday, Sept. 13, with eleven members present. Miss Bass was present and gave an interesting lecture on the classes of foods and their place in the diet. Balanced menus were then prepared by the members and criticized by Miss Bass.

Mrs. A. N. Burgan called the meeting to order and Miss Coily Burrus gave the usual secretary's report. At the conclusion of the afternoon's business, the hostess served iced grape juice and pie.

The next club meeting will be on the first Wednesday in October at the home of Mrs. J. L. Buchanan.

JOHNSON H. D. CLUB
MEETS WITH MRS. HARVEY

The Johnson Home Demonstration Club met Monday, Sept. 11, with Mrs. Ed Harvey. Five members and two visitors were present. Miss Bass's demonstration on planning meals was the feature of the afternoon's program. Discussion of plans for the county fair to be held in Canyon this week was held following the program.

The next meeting will be held at the home of Mrs. C. W. Bauer on September 25. Miss Bass will be present again at this time.

Where 14 Died in Train Wreck

Fourteen persons were killed, and nearly 100 injured, when a milk train on the Erie railroad near Binghamton, N. Y., ran into the rear of a Chicago-New York flyer which had been halted by a freight train switching. The "death car" was a wooden coach which was coupled between steel cars and split apart from the force of the collision. Men are shown above clearing the debris and searching for bodies shortly after the wreck.

92nd BIRTHDAY OF
MRS. S. E. WILLIAMS

Mrs. S. E. Williams has celebrated her 92nd birthday with a gathering of her family. She is enjoying splendid health and in the celebration took an active part.

Those who gathered in honor of the event were: Joe Williams and family, Will Williams and family, A. T. Smith and family, J. S. Pool and family, S. C. Sluder and family.

MISS BASS PROGRAM
FOR FOURTH WEEK

Miss Sadie Kate Bass gives the following as her program for the fourth week of September:

Monday, Johnson Club.
Tuesday, Zita Club.
Wednesday, Umbarger Girls' 4-H Club.
Thursday, Jowell Club.
Friday, Centerview Girls and Centerview Women's Clubs.
Saturday, Office.

GEORGE HESS FELL
DOWN CONCRETE STAIRS

George Hess was badly injured at the Hess home south of Umbarger last week when he fell down the steps of the basement to the concrete floor, landing on his head.

Attending physicians state that no bones were broken in the fall, but that he sustained severe scalp injuries which will be some time in healing.

THURMANS HERE

Mr. and Mrs. C. H. Thurman, of Dallas, were in Canyon this week end visiting in the home of Dr. B. F. Fronabarger. Mr. Thurman was

a member of the English faculty at W. T. last winter and has spent the summer studying on his doctor's degree at Southern Methodist University.

HIGHWAY SERVICE STATION

More Fun Than a Ball Game

Most of us that are still employed become so engrossed in our business and in serving the public that we seldom if ever think much about recreation. Our work is both labor and play and a real joy.

That is the attitude we try to have at all times down at our place of business. We consider it a lot of real pleasure to serve our friends and to tackle the problems that come our way much like the younger boy gets a real thrill out of carrying the ball over the goal line or stopping some one that attempts it. It is a genuine pleasure to serve you.

Incidentally we are protecting our customers on any unwarranted price increases in the hardware, furniture and implement lines. Fortunately we always carry a complete and full stock and these months have been no exception. Prices are going up sooner or later. There is no doubt about that, but we are not passing on any price increase to our customers until we are forced to do so because we have to pay more.

MANY STUDENTS TAKE COURSES THROUGH MAIL

Subjects May Be Taken
On Term or Semester
Hour Basis

PAMPA CLASS BEGUN

Extension Classes To Be
Offered in Amarillo
Shortly

W. T. is already carrying its services afield to teachers and others who live within traveling distance of the campus. Since September first many students have enrolled for correspondence courses, which this year are offered on both the old term hour basis and on the semester hour basis.

The term hour basis of work is open to those who have had part of a year's work in a given subject and wish to complete it; the semester hour basis is arranged for those who have completed their subjects up to this time and are "even" but who wish to continue their college work while out teaching or for any other reason.

Courses are open to anyone who has the prerequisites for them; correspondence students need not be ex-students of W. T. Many of them are students of other colleges, who will transfer credits made by correspondence to these other institutions where they will be applied toward certificates and degrees. It has been found that many students who take correspondence work from W. T. are so well pleased that they decided to come to the campus to learn more of the college, and particularly of the instructors whose suggestions they have followed from away from the campus.

The first Extension class of the 1933-34 session was organized by Mrs. T. V. Reeves at Pampa last Thursday. The course is called Social Ethics and will be given by Professor J. L. Dufort of the department of Sociology. It is a three-semester hour course; there are students from Pampa, White Deer, Skellytown and Hopkins in the class, and a prospect of others from LeFors and possibly McLean. It is likely that another class will soon be under way in Pampa.

As soon as the work of the public schools of Amarillo is under way, classes will be started there. The subjects offered will be those which the Amarillo extension students want most, for it is a policy of W. T. to meet the needs of its off-campus clientele so far as possible.

There is a large probability that classes will be begun in other towns, as many people who can-

Title Insurance Is Discussed at Rotary Club Tues.

Oscar Gano gave a vocational talk Tuesday at the Rotary Club luncheon on the subject of title insurance. Mr. Gano pointed out many defects which may exist in the title of property, but which may not be disclosed by either the abstract or the lawyer's opinion of the abstract. These defects might be forged deeds, abuse of power of attorney, deed given by an insane person, deed given by person with same name but not the real owner of the property, lack of understanding the homestead law provisions, defects in wills, appearance of unknown heirs, loopholes in civil laws, defects in acknowledgements, squatters' rights.

All of these may be covered by title insurance, with the insurance company assuming full responsibility for a perfect title.

Visitors Tuesday were N. S. Griggs and George Lindsey of Amarillo. Major John Dunn of Waco, commander of the Palisades, Rev. J. R. Hicks of Canyon and Rev. J. C. Sizemore of Amarillo. J. B. Fox, Henry Ratjen, O. H. Rahlfs, D. S. Hill and R. B. Gist.

38th Wedding of Mr. and Mrs. W. F. Heller Monday

The "Pioneer Club" met on Monday, Sept. 18th, at the home of Mr. and Mrs. W. F. Heller to celebrate their 38th marriage anniversary. They were married in Amarillo Sept. 18, 1895, and made the bridal trip in a covered wagon to Canyon where they have made their home ever since.

A large number of old friends gathered to congratulate them on their safe journey on the sea of matrimony and to wish them many more years of happiness.

The afternoon was spent in recalling experiences of the early days, music, readings and songs. The band, directed by Mrs. Stroud, was one of the high lights of the occasion, also the impersonation of the "Siamese Twins" by Mrs. Hix and Mrs. Emma Foster. Pedro Wirt and son, Farlow, assisted Mrs. Laughery in musical numbers with the accordion, horn and French harp.

At 5:00 o'clock dainty refreshments were served by Mrs. E. D. Harrell, Mrs. Croson and Mrs. Brent Taylor, assisted by others. The program closed with singing, "God Be With You 'Til We Meet Again."

Mr. and Mrs. T. C. Thompson sent Mr. and Mrs. Heller a beautiful table lamp, being unable to attend the gathering.

The list of guests included: Mrs. Oscar Hunt, Mrs. Geo. Reynolds, Mrs. L. T. Lester, Mrs. W. C. Baird, Mrs. M. C. DeGraffenried, Mrs. J. T. Service, Mrs. S. V. Wirt, Mrs. W. A. Jennings, Mrs. Kirkpatrick, Mrs. Miller, Mrs. McGhee, Mrs. Hensley, Mrs. M. O. Slack.

Mrs. Smith, Mrs. Pierce, Mrs. McElroy, Mrs. Trowbridge, Mrs. Reid, Mrs. R. E. Foster, Mrs. Emily Foster, Mrs. Will Foster, Mrs. Ed Foster of College Hill, Mo., Mrs. Ed Harrell, Mrs. Croson, Mrs. Laughery, Mrs. John Knight, Miss Sallie Baird, Miss Columbia Redfearn, Miss Jessie DeGraffenried, Miss Jones.

The program was planned and carried out by Mrs. Oscar Hunt, president of the "Pioneer Club."

Entertainments Are Given at Palo Duro Park During Week

Major S. C. Gurney, who is on duty at the Civilian Conservation Corps camp east of Canyon talked last Friday in the mess hall of Company 1828 on "Some aspects of the Philippine Islands." Since he has had twelve years service in the Far East his lecture was colorful and interesting. Among other things he said that the oldest college under the American flag was not Harvard or William and Mary in Virginia, but it was the University of Santo Tomas in Manila founded in 1611.

N. L. Lowry and I. D. Townsend who are in charge of entertainment for Company 1828 are arranging simple informal programs for the weeks to come.

This week's schedule includes: Tuesday, Sept. 19, Miss Dorothy Gore, and her gang, 7:30 p. m. Wednesday, Sept. 20, Colorful Jubilee Singers from Amarillo, 8:00 p. m. Thursday, Sept. 21, "Thirty Days in Russia in 1929," 7:45 p. m.

C. P. Hutchings of Amarillo was a business caller in the city Monday.

WELCOME!

To the new students and to our former patrons, we extend a most hearty welcome. We are doing our part in the N. R. A.

The following prices are available:

Plain Shampoo with finger wave 50c
Finger wave (dried) 35c
Scalp treatments 75c and up

Canyon Day at Tri-State Fair is Wednesday, Sept. 27

Final plans were being completed yesterday for the annual Canyon, Randall County and W. T. S. T. C. Day at the Tri-State Fair which opens Saturday.

The special day designated by fair officials and the Chamber of Commerce has been announced for Wednesday, September 27th.

It is expected that the Buffalo Band, under the direction of Prof. C. E. Strain, will go to the fair, join with the other bands that day in furnishing music for the crowds.

At a late hour Wednesday no definite agreement had been reached relative to the closing of Canyon stores for any part of the day. At a meeting of the school board last week it was decided not to allow a holiday of the public schools owing to the fact that the fair will cover two Saturdays this year.

Special badges for the Canyon, Randall County and W. T. S. T. C. day have been prepared by the Chamber of Commerce. They may be obtained at the Chamber of Commerce office any time between now and next Wednesday.

If proposed plans for a Boy Scout booth materialize it will be used as a headquarters next Wednesday and additional badges will be available there.

City Federation Is Working With RFC on Cemetery Plan

Mrs. T. H. Knighton, newly elected president of the City Federation of Women's Clubs, has appointed a committee to work with the R. F. C. Committee on the improvement of the cemetery.

The R. F. C. provides funds for the labor, and the purpose of this Federated Club committee is to provide funds to buy the materials.

The Federated Club committee is composed of: Mrs. C. R. Flesher, chairman, Mrs. Ed Harrell, Mrs. Clyde McElroy, Mrs. F. M. Wilson, and Mrs. J. M. Daugherty. J. J. Walker, member of the R. F. C. committee has charge of the work on cemetery improvement.

THE EAGLE'S TALE

VOLUME NO. 8

CANYON, TEXAS SEPTEMBER 21, 1933.

NUMBER 2

Top of the morning, old pals. It's shore been a crazy week. One day your shore to melt if you don't go for a swim, and the next day you have to bring out yer woolen shirts and rabbit fur gloves. These plains countries shore hev me puzzled.

Being as how I ain't acquainted in these here parts. I ain't shore of there being any braggers in Canyon, (but of course there is). It ain't ever failed yet, that ever school has their own braggers. There is been one or two that I noticed, but I shore got 'em fixed now. Sears and Roebuck printed me three of four signs. I got one that's a hangin' on the wall of my bunk. One of 'em says, "Mr. Terry, I have been to Austin and I know all about it, so don't try to pull the wool over my eyes." Another one of 'em says, "Mr. Carruth, I've seen Bruce and he ain't any smarter than kids out West." I got one more that's shore gonna get some boys told. It reads like this, "To all National Guards concerned: I seen musketeers way back in '96 that's a whale of a lot bigger than any at Palacios, and that ain't all, I've swum in the gulf, and I've been ever kind of police, includin' kitchen police." That scheme is shore workin' so you folks jest take my free advice and hev some made fer yourself.

I wuz out to visit the Eagles a day or two ago. They wuz jest rollin' around in that awful sticker patch jest like they liked it. When I wuz jest gettin' there, that boy they call Tom, run rat into a Clounch boy. I really never seen anyone git such a jar, unless it wuz when the old Strawberry Roan threw me off. But a knock like that, ain't gonna stop them two Eagles. That's just the way the whole team is, fightin' all the time. Them boys is really workin'. 'En if they don't skunk Dumas, I'm shore gonna be fooled. Jest a little backin' is all they need, 'en looks like they'll be gettin' it, if all the kids that's been a wearin' Loyalty Tags will yell fer 'em. I'm gonna see that game if I hev to borrow the money from Coach Jones. I got some good news fer yeh while I wuz out there. Honest John is back a playin' fer the Eagles. Gueetas he'll be in condition and rarin' to go before long.

Wal, so long folks. I'll be seein' yuh at the Eagles-Dumas game on Sept. 22, at the Buffalo Stadium. Cactus Cal.

Loyalty Campaign Ends With 100% Student Body

Nineteen hundred and thirty-three boasts the most loyal student body in the history of Canyon high school. A survey at the close of the annual Loyalty Campaign shows that every student this year bought the little tag, which also means that the first payment on the Activity Ticket has been made. Records show that last year the Seniors were the only class to sell 100% of these tickets; the Juniors were second with 75%; the Freshmen next with 71%; and the Sophomores last with 66%.

In recognition of this marvelous spirit of loyalty the cup will be engraved for the entire high school, while the pennant, awarded to the class selling the most tickets to outsiders, will be given to the Freshmen.

Every student who feels a sincere loyalty and desire to help the school (this spirit, it seems, should be many times more prevalent during these trying times), is urged to continue the payments on his ticket. This is the only way school activities can be financed. The payments have been set at the very moderate sum of 10 cents per week, enabling every student of the high school to pay.

Remember! This not only benefits the school as a whole, but will, in more than one way, help you.

Won't you save your dime?

T. V. Slack Is Appointed The Student Treas.

T. V. Slack will occupy a position as treasurer of the Student Association in the present school year, from 1933-1934. The office was held last year by Tyson Cox. The holder of this place naturally receives with it a great responsibility.

T. V. will be in the Principal's outer office regularly from 8:30 to 9:00 o'clock on Thursday and Friday mornings. At this time students are urged to make the payments on Activity Tickets, if possible.

The tickets will be issued, T. V. states, as soon as the student has made the required three payments. This will automatically admit him to the first football game, Friday, September 2.

The tickets are much improved in their appearance this year, and it is hoped the owners will keep them in good condition.

Collins and Cluck Elected Leaders of White Pep Squad

For the first time in several years a pep squad has been organized for the Freshmen. It is known as "White Peps."

At its first meeting, Jean Slack was elected president, Lavina Watkins, secretary and treasurer, and Mary Collins and Evelyn Cluck, pep leaders.

Fourteen sweaters have been ordered. The suits will consist of white turtle-neck sweaters, white indianhead skirts, and white bell-boy caps, with the letters C. H. S. embroidered on them in purple. This squad will sit with the main pep squad at games, have pep meetings, with it, and will be included in all pep squad activities. Mrs. Lee Foster will sponsor them.

Eagles To Meet Dumas In Night Game Friday

The Eagles end four weeks of work, under Coach Cleveland Jones by a game with the Dumas high school team, Friday night at 8:15 o'clock. Coach Jones states that the game will not be a push over, but the players are confident of themselves, and the prospect for a winning team is good. The team has been making a great effort and is showing marked improvement and ability. The line up for the game will probably be:

"Scoop" Elliston, right end; Curtis Elliston, left end; Alton Brasel, left guard; Wesley (Fat) Cox, right guard; Willard Childress, right tackle; Dan Gerald, left tackle; Chris Wooten or Ronald Black, center; Sewell Cox, left half; T. V. Slack, full back; Speck Williams, quarterback; Lester Clounch or Johnnie Wilson, right half.

Students of Last Year Attend Many Panhandle Schools

Since the year 1932 in Canyon high school, several students have scattered all over the Panhandle, and a few have gone farther.

Dorothy Dickinson has gone back to her home in Silverton to complete her school career.

Freda Charles Bills, who came here two years ago from Littlefield has returned to her home there.

Juanita Smith came for the last six weeks of school last year, and is now attending Borger high school.

Edna Richardson has attended the Canyon public school for about eight years, but is now at Allison where she will finish her last year of school.

Roscoe King and his sister, Ethel Lee, will attend the Tulla high school.

Dorothy Wright has gone to Stoneburg, her former home, to continue her school term.

The students of school can truly say that they miss these students, some for their witty remarks, some for the good work they did, and all because they had been a friend to everyone. The school wishes them as much success in their respective schools, as they enjoyed in Canyon.

Press Club Members Discuss Plans For Coming Year

The Press Club held its first meeting of the year Monday afternoon to discuss plans for the coming year. Robbie Lee Foster, the president, discussed plans for press pens and future club programs.

Each Monday afternoon the Press Club will meet in Miss Goodrich's room for regular newspaper work. The first 20 or 30 minutes will be devoted to the club meeting, and the rest of the afternoon will be used as regular time to work on The Eagles Tale. After the club meeting, those reporters not taking the Journalism Course will be instructed how to write news articles, and other journalistic items will be explained to those who need help. The Press Club and staff of the school paper expect to make 1933-34 a bigger and better year for The Eagles Tale.

Home Economics Department Has Canning Project

The second year Home Economics class has been canning in the kitchen of the home economics department, under the supervision of Miss Fannie Sue Brasuel, the home economics instructor.

Twenty-three pints of conserve, tomatoes, squash, apples, chicken, okra, greens, apple butter, and tomato preserves were canned last week. Nine chickens were canned Monday, and jelly was made Friday.

The girls brought the food from their homes and canned it for their mothers, using Miss Brasuel's pressure cooker. The purpose in canning was to teach the girls economy at home.

A most savory odor has been permeating the halls and rooms of the high school building, and the sight and taste, according to the home economics girls, is even more pleasing than the smell.

Student Council President To Be Elected By Pupils

Each year, a student council president is elected. This perhaps, causes more excitement than any other election during the entire year. On Sept. 25, the election will begin.

There will be two political parties, each having a Senior candidate to run for the presidency of the council. In each party, there will be a campaign manager, chosen from the Junior class.

Judging from former years, speeches will be made, signs will be hung, and enthusiasm will be strong as the political parties clash. After several days of campaigning the students will cast secret ballots, similar to the ballots used in public elections.

Mr. Terry has said concerning the student council president, "He occupies the most responsible position of leadership in school as the leader of student thought and action for the best of the student body at large."

Six New Pupils Enroll In Canyon Grade School

The Canyon grade school plays an important part in the public school of Canyon.

It has six new pupils that have enrolled today.

The school system has resumed its testing methods. Sundry tests are given to each child so that the teachers may find out each child's weakness and decide which remedial work to use for that particular child.

The purpose of this testing and remedial program is to decrease the number of failures in school.

Foster, Barker, and Angel Present Chapel Program

An interesting chapel program was given Thursday afternoon by Miss Irene Angel, of the Expression Department and Mrs. Lee Foster, of the Private Music Department, assisted by Mrs. Barker, of the Public School Music Department.

The program was as follows:

Blue Roses — Lesa Ysaye Tarleau
Miss Angel
Prelude to C Sharp Minor — Mrs. Foster
Butterfly — Mrs. Foster
Willie, the Angelic Child — Walter Ben Hare
Miss Angel

Nola
Glowworm
Ragamuffin
Blue Prelude — Mrs. Foster, Mrs. Barker

High School Girl Scouts Re-Organized

From 3 to 4 o'clock Wednesday afternoon, September 13, the high school troop of Girl Scouts met in room seventeen. The purpose of this business meeting was to discuss plans for the following year. The regular time for Scout meeting will be on Wednesday afternoons from 3 to 4 o'clock in room seventeen.

A picnic, party, or an over night hike will be had at least once a month.

Miss Goodrich, the Girl Scout captain, introduced a new regulation concerning girls who wish to become Girl Scouts. There will be no new members admitted after October 15, until January.

The captain taught the girls a new song entitled "Whatever May Be the Weather." Other songs were sung.

Guilty Culprit Sticks Dumb Statues Nose Up

Most people have heard of historical spots, but I wonder how many have heard of gummy spots! In Miss Clark's room, number 20, the math domain, there is a very gummy spot. There is a bookcase in her room, and on the bookcase rests a little statue. Perched on the nose of the statue is a big wad of chewing gum. If that wouldn't be gummy, what would?

The guilty culprit that put the gum there has no pity on dumb statues. That poor statue must have a time with his nose all stuck up.

Who is the guilty person? Are you?

Cash Resigns; Greenfield New Pep President

Rosa Cash, who has been a faithful worker in the pep squad for the past two years and who was elected president of the squad for this school year, but had found that she must discontinue the work for the present, offered her resignation Sept. 8, at the pep meeting.

As the organization felt that she was justified in her resignation, it was voted that the vice president, Armer Lee Greenfield, should take the vacant position. Mary Ella Lowe was elected to fill the position left by Armer Lee.

Although the organization will miss Rosa's leadership, the squad is enthusiastic over the new officers and feels that it has two real workers leading it.

Carruth Sends Trophies Off to Be Engraved

Everyone has noticed the silver cups that are in the trophy case in the hall. Mr. Carruth is sending these trophies off this week to be engraved.

Those that will be engraved are as follows:

The extemporaneous cup, won by Mary Ella Lowe, at the speech tournament held in Amarillo last spring.

The declamation cup, won by Rosa Cash at the Amarillo tournament.

The debate cup, won by Joe Collins and Ogden Stroud at the debate tournament held in Lubbock last March.

The intramural track trophy, won by the Seniors of '33.

The boys' basketball trophy won by the seventh grade last spring.

The girls' basketball trophy, won by the sophomore girls.

The loyalty cup was won by the seniors last year. This year "100% C. H. S." will be engraved on it.

The Balfour Honor Plaque was won by Kathryn Robinson, a graduate of '33, for being the most all round student in the senior class for that year. Although this plaque does not appear in the trophy case, you will notice it hanging in the hall near Mr. Carruth's office.

Texas History, Band and Journalism Are Being Offered

Canyon High School is offering this year another course in History. Yes, you guessed it the first time, it is none other than Texas History taught by Mr. Terry. The course is already proving quite fascinating and indispensable to those taking it, for you all know that it is important to become acquainted with the interesting history of our state.

Another course which will be offered the second semester is Journalism, at the period which is now set aside for The Eagles Tale.

We learn from our program that Band has a regular period now. This will give our musicians needed practice and of course produce a bigger and better band. Orchestra is meeting regularly twice a week in the 3 to 4 o'clock period.

Grade School Has Loyalty Ticket Sale

Three sections of the grade school, namely: 7A, 7B, and the sixth grade (there are not enough pupils in the sixth grade to afford a division by half) will compete all of next week for a banner. The object of this contest is to sell the regular Loyalty Tags like those in the high school. The tag means also that the first 10 cents payment has been made on an Activity Ticket.

The section which has at the end of the coming week, sold the greatest number of tickets will officially receive the banner. It is sincerely hoped that every member of the class will buy this ticket; it will not only guarantee plenty of healthy fun but also assist the school.

Four students from each division have been selected to sell these tickets, and the students in their turn will be sponsored by the teachers.

The "Eagles Eye" is on you, Junior High! It will discern and rightly reward the winner.

The first instruction for the new NRA dance is to step forward on the left foot. This doesn't sound right, since the NRA has been trying to get off on the right foot.

Freshman Class Elect Clounch For President

The freshman class met in the auditorium Monday afternoon for the purpose of electing its class officers.

The officers are Lester Clounch, president; Ralph Rusk, vice president; and Marielle Oldham, secretary.

The loyalty campaign was discussed. Each person was urged to buy a ticket. Plans for the parent and student banquet were made.

Jordan Entertains Latin Students With Treasure Hunt

In Latin class Thursday morning Miss Jordan gave out invitations to the members of the Latin class inviting them to her home to join in a treasure hunt to be taken on bicycles Thursday night, September 14.

The students met at the place designated to begin the hunt. At the time given, instructions were read aloud in Latin, telling how to follow the first part of the hunt. The students found a note, written in Latin hidden on the porch of the old Keiser home. From there according to the Latin instructions, they went to the Christian Science Church, where a note was found telling them to go to the Guenther Memorial Fountain for the next sign. The next place to go to was the Dough Boy Monument on the Court House lawn. From the high school steps, the next stop, they journeyed to the place of beginning.

They were told to look for the treasure in the flower garden. After much searching, the treasure was found. It was a large box which contained Hershey kisses.

After the candy had been eaten, ice cream and cookies were served to the members of the Latin class and three last year Latin students.

Faculty Entertain Seniors With Annual Reception

The annual reception for the Seniors was given by the faculty in the grade school gymnasium Friday evening, Sept. 15.

At 8:00 o'clock the seniors gathered for a delightful evening of forty-two and dominoes with the faculty.

The gymnasium was made very attractive by large bouquets of dahlias and roses. The lively radio program added to the spirit of the occasion. Mrs. Margaret Foster played several popular numbers on the piano. Ethel Brasuel gave three very entertaining readings.

Refreshments consisting of angel food cake and ice cream were served on tables decorated in pink and green.

PEP SQUADS TO MEET

Friday evening at 7:30 before the football game with Dumas which is scheduled for 8:00 o'clock on the college field, the pep squads and all other students who desire to participate are to meet on the steps of the Presbyterian church to get into formation to march to the stadium. Students, come and give your support to our football squad for their first game.

THE NOTEBOOK'S SAD WOES

Notebooks, notebooks! Bright yellow and red ones, pale blue ones, sober black ones, coal green ones, old ones, new ones, ragged ones, and shiny ones! What a collection and what a group.

All being hustled down the halls in the arms of laughing students or thrown in lockers when the noonbell rings. Some hiding candy from observing eyes, others watching the hard attempts of their owners to work problems and write English themes. Those poor, old notebooks!

What will they look like in May? Will they still be of use? The names may be smeared, the edges worn, the colors faded, but many will be faithful to the end. Others give up when their rings get crooked and the front comes off from constant wear.

By the end of the year how many secrets will those poor, old notebooks know?

Many Ex-Students of Canyon High School Teaching

Many ex-students of Canyon high school are teaching in neighboring towns this year.

Those teaching are Lenna Foster at Spade; Ethel Ruth Collins at Friona; Esther Reeves at Goodnight; Irene Hurst at Spring Lake; Gwendolyn Black in Canyon grade school; Lurline Bowman at Alanreed; Pat Gerald, at Panhandle; Ann Smith in Canyon grade school; Martha Strain at Silver City, N. M.; William Strain at Borger; Joe Slack at Olton; Oressa Hastings at Wilson school, west of Canyon; and Dorothy Cash at Goodnight.

The citizens of this town, that have watched with interest these young men and women go through our schools here in Canyon, are still interested in their work and hope for them the best of success.

C. H. S. Band Plans To Play Friday Night

The Canyon High School Band is progressing rapidly under the new schedule. Band practice is held one hour each day, under the direction of Mrs. J. D. Barker. Everyone in the band has put forth an unusual effort this year in order that the band may play at the football games. The band plans to play at the game Friday night between Canyon and Dumas.

Those playing in the band this year are: Robert Orton, Mable Schmitz, Jackie Pitts, and Florence Root, cornets; Lorenzo Wirt, Glen Vetsak and J. C. Bellah, clarinets; Jack Oldham and Loretta Cole, saxophones; Mary Strain, baritone; Ed Brooks, bass, Raymond Bible, and Ernest Duncan, drums.

Have You Pride In Your Home?

Wayside Items

Open nice weather. Farmers are making good use of the time. Preparation for sowing wheat is the order of the day.

Fair attendance at Sunday school. Mr. Patrick, Mrs. George Hancock and Jerry Lane were visitors.

Dinner guests with Mrs. J. E. McGehee Sunday were W. C. McGehee and family, D. K. McGehee, wife and Mary Lee, Clarence Helms and wife and Mrs. Ida Peck from Stephenville.

Clarence Helms and wife have recently visited the maternal Peck home in Stephenville. The mother accompanied them home.

Mrs. Carter, mother of Mrs. Joe Smith, fell Thursday breaking her hip. She was taken to Tulla Hospital Friday morning in an ambulance. Reported Monday she was resting very well under the care of Dr. C. F. McFarling. Mother Carter is 80 years old and is getting feeble.

Mr. Patrick, teacher in Pampa school, George Hancock, wife and Jerry, spent the week end in the W. I. Lane home.

J. T. McGehee and W. D. McGehee have bought new Ford cars. W. D. and M. L. McGehee made a business trip to Amarillo Monday.

Pupils from Wayside to Canyon schools: Bruce and Maben Howard, Henry Hamblen, Joe Smith, Sara Beth McGehee, Sara Frances Smith, and maybe Myles McGehee.

Mr. Patrick, George Hancock, wife and Jerry, Mrs. Bertha Payne, and children, and Lee Carter took dinner with Mrs. Bessie Lane Sunday.

Mrs. Roy Smith and mother, Mrs. Emma Franklin, motored to Tulla Monday, the former to visit the dentist.

Glad to report Dickie McGehee is able to attend school here at Wayside.

Henry Harrell and family spent the week end at Abilene with relatives.

Mrs. Bessie Lane is feeling quite unwell from an attack of hay fever. Guy Rogers of Wichita Falls and Mrs. Emma Rogers from Canyon were callers in Wayside the past week.

Last Saturday about noon the home of Travis Gillham caught on fire from the oil cook stove. Mrs. Gillham and babe were in the house but she did not discover the fire until it had made considerable headway. With great presence of mind she placed her babe securely and then proceeded to save quite a lot of the household furniture and belongings. Neighbors finally came to her assistance and helped. Most of the loss, save the house was the kitchen furnishings. They have moved to the Mrs. Laura Brooks home which Travis and his brother, George have rented.

Lakeside News

Mrs. Jack Foster was in Canyon on business Tuesday.

Mrs. C. W. Stallings was in Canyon on business Saturday morning.

Mrs. L. T. Campbell and Mrs. J. E. Dickinson visited with Mrs. Fred Fegel Monday afternoon.

Mr. and Mrs. Albert Byars were in Amarillo Saturday on business.

Mrs. C. W. Stallings visited Mrs. M. H. Rockwell Saturday afternoon.

L. T. Campbell was a business caller in Amarillo Saturday afternoon.

Some improvements have taken place on the interior of the school room.

George Schneider was in Amarillo on business Monday.

Misses Laura Lou and Loraine

Briton Wins U.S. Tennis Title

By defeating Jack Crawford of Australia in a five-set final at the national singles title meet at Forest Hills, N. Y., 24-year-old Frederick J. Perry, above, of England, won the tennis championship of the United States. By smashing Crawford's winning streak, Perry proved himself one of the greatest match players of modern tennis history.

Campbell visited Misses Gwen, Gene and Fern Byars Sunday afternoon.

Mrs. Fred Fegel was a business caller in Amarillo Tuesday.

Mrs. A. D. Schneider was in Amarillo Saturday on business.

Frank Garrett was in Canyon on business Tuesday.

Mrs. Jack Foster was in Canyon on business Saturday.

Mrs. L. T. Campbell was a business caller in Canyon Tuesday.

D. N. Blanton visited in our school last Wednesday.

Mrs. Fred Fegel visited in the Lakeside school Monday morning.

The Lakeside P. T. A. will meet Sept. 29. Watch for further announcement.

Fairview Breezes

Weather is fine for wheat sowing at present.

Mr. and Mrs. J. W. Wesley and baby Arlen Ray were dinner guests in the J. M. Patterson home Sunday.

A. E. Wesley and wife visited in the J. W. Wesley home Thursday. Jimmie Carr and Joe Patterson visited Jackie Sutton Sunday.

Mrs. R. L. Wesley, Bill Wesley, wife and son, Junior, Miss Verna Murie Hollen and J. W. Wesley were visiting in Memphis Sunday and Monday.

J. H. Wesley and family of Vigo park were visiting Mrs. Maud Wesley Thursday.

Eddie Mawler and children and his sister were welcome visitors at Sunday school.

The party at J. M. Patterson's Saturday night was enjoyed by a large crowd.

Mrs. H. E. Wesley, J. W. Wesley and wife were shopping in Amarillo Thursday.

Eddie Mawler and children and Mr. Mawler's sister and Catherine Patterson were dinner guests in the G. E. Wesley home Sunday.

Catherine and John Patterson visited at J. W. Wesley's Saturday afternoon.

The school seems to be progressing nicely with 38 pupils enrolled.

The Centerview club was well

attended at Mrs. Lester Bryan's Friday afternoon. The making of grape juice was demonstrated by Myrtle Washburn.

Wilson Items

The Wilson school is beginning its third week with an enrollment of eight pupils. The school is being taught by Oressa Hastings of Canyon.

Mr. and Mrs. George M. Wilmoth visited in the home of Mr. and Mrs. John Brandt Sunday.

L. H. Holman and Willie Mae were in Canyon Saturday afternoon.

Mrs. Ben Hayse of Oklahoma City, visited in the home of her brother-in-law, L. H. Holman, Monday.

Joe Tuck, Katie and Louise Tuck visited with Mr. and Mrs. Jack McBroom Monday.

Mr. and Mrs. Otto Skarke are the proud parents of a baby boy, born Wednesday, September 13.

Gertrude Brandt spent the week-end in the John Brandt home. She is attending high school in Canyon.

A number from this community attended the bridal shower given at the George Frank home Sunday evening in honor of their daughters, Ruth and Anna.

Ruble and Burnice Rhodes were visitors in the Roy Davis home Sunday.

CONSTABLE'S SALE STATE OF TEXAS, COUNTY OF RANDALL.

By virtue of an Order of Sale issued out of the Honorable 47th Judicial District Court of Randall County on the 5th day of September, A. D. 1933, by the Clerk thereof, in the case of Amarillo Investment Company, a corporation, versus S. P. Robinson, Wilford Taylor and Wilson & Company, Inc., No. 1393, and to me, as Constable of Precinct No. One, directed and delivered, I will proceed to sell, within the hours prescribed by law for Constables Sales, on the First Tuesday in October, A. D. 1933, it being the 3rd day of said month before the Court House of said Randall County, in the City of Canyon, Texas, the following described property, to-wit:

West Fifty (50) feet of the Southeast Quarter (SE 1-4) Block No. Twelve (12) of the Victoria Addition to the town of Canyon, Randall County, Texas. Levied on this 5th day of September, 1933, as the property of S. P. Robinson to satisfy a Judgment amounting to \$958.65 in favor of Amarillo Investment Company, a corporation, and cost of suit.

Given under my hand, this 3th day of September, A. D. 1933.

WAYNE McCORMICK,
Constable of Precinct No. 1,
2513 One, Randall County, Texas.

NOTICE OF TRUSTEE'S SALE

Whereas, on the 9th day of March, A. D. 1932, E. W. Rofley and wife, Leona Rofley, executed a deed of trust conveying to J. O. Guleke a trustee, the real estate herein described, to secure the payment of a debt therein described said deed of trust being recorded in Vol. 23, Page 3 to 7, in the deed of trust records of Randall County, Texas; and

Whereas, the undersigned has been appointed substitute trustee in the place of said original trustee, upon the contingency and in the manner authorized by said deed of trust; and

Whereas, default has occurred in the payment of said indebtedness and the same is now wholly due, and the owner and holder of said debt has requested the undersigned to sell said property to satisfy said indebtedness;

Now, therefore, notice is hereby given that on Tuesday, the 3rd day of October, 1933, between ten o'clock A. M. and four o'clock P. M. I will sell said real estate at the door of the County Court House in Randall County, Texas, to the highest bidder for cash.

Said real estate is described as follows: In the County of Randall, State of Texas and known as Lot No. Five (5) in Block No. Seven (7) in the Edgefield Addition to the city of Amarillo, situated in Randall County, Texas, as shown by the map or plat of said addition of Record in the Deed Records of Randall County, Texas, to which reference is here made for a more particular description.

Witness my hand this 9th day of September, 1933.

W. A. ASKEW,
Substitute Trustee.

ORDINANCE 73
STANDARD MILK ORDINANCE
AN ORDINANCE REGULATING
THE SALE OF MILK AND PROVIDING FOR THE ISSUING AND REVOKING OF PERMITS FOR THE SALE OF MILK; DEFINING MISBRANDING; PROVIDING FOR THE REGULAR INSPECTION OF DAIRIES AND MILK PLANTS; AUTHORIZING THE LOCAL HEALTH OFFICER TO PROMULGATE RULES AND REGULATIONS AS HE MAY DEEM NECESSARY; PROVIDING FOR THE ADOPTION OF THE STANDARD MILK ORDINANCE FOR THE GRADING AND LABELING OF THE MILK; PROVIDING FOR THE ENFORCEMENT OF THIS ORDINANCE AND FIXING A PENALTY, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE City Commission of the City of Canyon, State of Texas:

SECTION I. That regulation of the sale of milk within the City of Canyon, Texas, is hereby declared necessary and expedient for the promotion of health and the suppression of disease within the said City.

SECTION II. The City Health Officer of said city or his representative, is hereby authorized to issue permits to any person, firm, or corporation, or association of persons making application therefor, authorizing the sale of milk within the limits of said city. The health officer is hereby vested with power and authority, and it is hereby made his duty upon the

filing of an application for a permit for the sale of milk to ascertain and determine, and under such rules and regulations as he may promulgate, the fitness and ability of the applicant to furnish and sell pure and wholesome milk under proper sanitary conditions, and if he finds that any applicant for a permit for the sale of milk is fit and able to furnish and sell milk, as aforesaid, he shall grant the application and issue a permit. The City Health Officer is further authorized to make such rules, orders, and regulations as he deems necessary for the proper production, handling, and sale of milk, applying the current requirements of the United States Public Health Service Standard Milk Ordinance as his guide, and he is further authorized, and it is hereby made his duty to provide for the grading of the equipment and for the grading and labeling of the milk, to be sold under the permits herein provided for; provided said officer shall have authority to grade such equipment and milk according to the current requirements of the United States Public Health Service Standard Milk Ordinance with the assistance of the State Health Officer or his authorized representative. A full and complete copy of said ordinance is on file in the office of the City Clerk of this city where it may be inspected.

SECTION III. No person, firm, association or corporation shall within the City of Canyon, sell, offer or expose for sale, or have in his possession with intent to sell, any milk or milk products which are adulterated or misbranded. Any substance claimed to be any milk or milk product defined in the United States Health Service Standard Milk Ordinance but not conforming with its definition shall be deemed adulterated and misbranded. The use of the word "pasteurized" on the label unless the milk or milk product has been pasteurized and the use of the Grade letter "A" unless such grade letter has been authorized and awarded by the City and State Health Officers or their representatives according to the Grade "A" requirements of the Standard Milk Ordinance and has not been cancelled, shall be deemed misbranded.

SECTION IV. The City Health Officer at any time after three days notice to a holder of a permit, and after a hearing before said officer, at which hearing it shall be proved to the satisfaction of such officer that a permit holder has failed, or refused, or neglected to obey any rule, regulation, or order of the Health Officer concerning the production, labeling, handling or sale of milk, such officer may suspend or revoke any permit issued.

SECTION V. In the event the health officer refuses a permit to an applicant, or a permit is suspended or revoked by said officer, the applicant whose permit is refused, or the holder of a permit which has been revoked or suspended shall have the right of appeal to the City Commission by filing a written appeal with said Commission, within five days from the date of refusal to grant said permit, or the revocation or suspension of said permit by the City Health Officer. The City Commission, after a hearing at a time to be set by said Commission shall either affirm, modify or set aside the action of the City Health Officer, and may in the event the action of the officer is not affirmed, give such instructions as it may deem necessary to the City Health Officer, who shall carry out such instructions as given by the City Commission; provided that pending action on the appeal herein, a permit which has been suspended or revoked shall be considered as suspended or revoked, and the holder shall not have any right thereunder, unless the action of the City Health Officer is changed. If a permit is revoked because of the unauthorized use of the grade "A" label or for the violation of Section 3 of this ordinance, such revocation shall not be included in this appeal, but may be submitted to the State Health Officer or his representative.

SECTION VI. Each permit issued by the City Health Officer shall be numbered and dated, and shall expire at midnight December 31st, following its date.

SECTION VII. No permit hereinafter authorized shall be assignable or transferrable.

SECTION VIII. Any person, firm, corporation or association of persons who shall sell or possess for the purpose of sale any milk within the City of Canyon, without having a permit authorizing the sale of same, issued by the City Health Officer of the City of Canyon, Texas, or who shall sell or possess for the purpose of sale any milk after a permit has been revoked or suspended shall be fined in a sum not exceeding One Hundred Dollars, and each separate sale, or possession for sale, shall constitute a separate offense. Or whoever shall violate Section 3 of this ordinance shall be fined in accordance with the penalty provided in the Texas Food and Drug Act for Adulteration and Misbranding.

SECTION IX. Every person, firm, or corporation obtaining a permit for the sale or the distribution of milk in the City of Canyon shall pay to the City of Canyon a fee of 50c per head per year for each cow used in the production of milk to be sold in the City of Canyon. All fees to be paid subsequent to the issuance of a permit. Additional cows added to the herd after permit is in force may be allowed provided an additional fee of 50c is paid for each cow added.

SECTION X. Nothing in this ordinance shall affect or apply to any retail merchant, restaurants, or other persons selling milk at retail in the original containers, which milk has been purchased from any holder of a permit, as herein provided for, authorizing the sale of milk, except as to placarding, cooling, and sanitary handling of the milk while in their possession.

SECTION XI. The lack of any suitable Ordinance providing for the preparation, handling, sale and distribution of milk and milk products creates a menace to the Public Health and makes it imperative that this Ordinance be passed as an emergency measure and shall become effective from its date.

Introduced at a regular meeting of the City Commission on the 4th day of September, 1933, and finally passed on the 4th day of September, 1933.

C. R. BURROW,
Mayor, City of Canyon, Texas.

Attest: HARVEY CASH,
(Seal) City Secretary.

THIS YEAR A HARVEST OF DOLLARS

Randall County has become famous as an agricultural county, through its winnings at the Tri-State Fair, and the Dallas State Fair.

This year there is a short harvest of golden grain, but there is a harvest of actual dollars, which will be distributed to the people of the country giving them a buying power.

\$290,000 to the Wheat Farmers.

\$30,000 to the highway laborers.

\$500,000 at the Palo Duro State Park.

This means that Randall County people will have actual cash for their needs during the winter. They will have cash to buy the necessities of life.

Merchants should plan their advertising campaign to reach those who will have this money to spend, and who will buy during the coming months. The News covers Randall county, and reaches the people who will buy.

The President will urge a buying campaign this fall to start the wheels of industry. Business goes where it is invited, and stays where it is welcome. Advertising is the invitation. The medium of the invitation is your newspaper. You may reach the people of Randall county, who will spend this money, through advertising regularly in the

Prices and Service

The Canyon Grocery has been built upon its reputation for Fair Dealings both in price and service rendered its customers.

Fair prices, based upon the actual market, has enabled us to meet competition week by week.

Courteous and prompt service makes trading a pleasure at this store. We seek to be a Community Grocery Store—one that shall be looked upon as a friend to all of the people of the county.

We hope to have you visit us in our new location. We are for service to all people in this community.

CANYON NEWS

Annual Red Cross Roll Call Will Be Held in the County

Miss Linnie Beachamp, field representative of the American Red Cross was in Canyon Monday conferring with various members of the local chapter including N. E. McIntire, county chairman, W. A. Warren, chairman of the Roll Call drive for Randall county and Fred E. Wortham, publicity chairman for the Randall county chapter. Also Mrs. T. C. Thompson and Mrs. H. O. Price, who have charge of the distribution of the clothing furnished by the National headquarters.

Miss Beachamp, was high in her praise of the manner in which the relief activities of Randall county had been handled during the past year. The relief aid to this county through the American Red Cross has been the distribution of flour, cloth goods and clothing.

Up to last Saturday 58 counties in Texas had reached their goal in the quota asked for by the Red Cross in caring for the disaster victims of South Texas. Randall county headed the list in reporting its quota reached.

Extensive plans will be developed for the annual Roll Call drive to be held in November.

Former Resident Dies Wednesday At Borger Home

Mrs. H. H. Morrison, 80, a former resident of Canyon, died September 13, at the home of her daughter, Mrs. H. L. Slocum at Borger.

Funeral services were conducted at the Borger Methodist church at two o'clock Friday afternoon with Rev. Quattlebaum, pastor, and Rev. Johnson, pastor of the Baptist church in charge. Interment was in Dreamland cemetery at Canyon. Mrs. Morrison lived here until 1926 when she moved to Borger. Her husband preceded her in death by one year.

She is survived by three daughters, Mrs. H. L. Slocum of Borger; Mrs. Ennis Matteson of LeFors; Mrs. W. J. Fraser of Chicago, and one son, A. H. Morrison of Plainview.

Miss Winnie D. Ellis of Mesquite, Texas, was a guest in the home of Mr. and Mrs. G. A. Farlow last week.

400 Men

(Continued from first page) week appealing to the Commissioners' Court for this road. It is indicated that the cost of such a road will be sought under the relief plan now under way.

The extension of the new highway to cross the Palo Duro and connect with the Claude highway is also proposed in the plan for additional men. It is likely that one company of men would be stationed on the east side of the canyon and build this road if the plan is accepted.

Herbert Maier of Denver, western regional director of national parks, has recommended that more men be put to work in the Palo Duro. He is highly impressed with the possibilities of development.

S. O. Miller, superintendent of the Palo Duro, is pleased with progress being made in the work. A steam shovel is being used in building the road along the ledge into the main canyon, and is making rapid progress.

Surveys are being completed for dams and roads in the bottom of the canyon, and these plans will be ready for construction when the road reaches the bottom.

Who is Boss?

The question has been raised at Austin as to who is boss over the work now in progress in the State Parks. Lawrence Westbrook assumed charge of the work when the allotment of camps was first made to Texas, and has approved the sites for the C. C. C. camps, and directed the work that is undertaken. D. F. Colp, chairman of the State Parks Board, has directed a letter to the attorney general asking who should have control of this work, and in reply a decision has been written that Colp instead of Westbrook should have control of this work. No steps have been taken to make any change in the management of the work.

The question will likely be settled in the special session of the legislature in view of the fact that several state parks projects have been made possible since the regular session of the legislature closed.

Highway Squabble

(Continued from first page) work will be done with local men instead of letting contracts to outside contractors. Estimates are being made as to the cost of the concrete necessary for this highway.

All work will be rushed as rapidly as possible, states Mr. Gohmert.

Better Proposal to Be Made Stockholders of Utility Stock

Stockholders of Texas Utilities stock may secure a better deal than the one recently offered at a meeting held in Amarillo, which was rejected by those attending the session.

Gene Howe, J. O. Guleke and Oscar Randal, all of Amarillo, have returned from New York where they met the new owners of the property, in which the tentative proposal was made to give the consumer-owners one share of common stock for each share of preferred or prior preferred stock which they owned. It was thought the property would begin paying dividends on the new stock at the end of the third year.

Meetings will soon be held of stockholders to determine whether the new proposal shall be accepted.

FORMER RESIDENT OF RANDALL COUNTY DIES

E. W. Reynolds, 78 years, died Monday at Tiago. He is remembered by many citizens of Canyon, having lived here as a pioneer.

He is survived by his wife and thirteen children, Howard Reynolds of Tulia, Asa Reynolds of Tiago, John Reynolds of Yesso, N. M. Burr Reynolds of Bisbee, Ariz., Cecil Reynolds of Ringold, Clem Reynolds of Quanah, Clayton Reynolds of Chicago, Box Reynolds of Henrietta, Fred Reynolds of Henrietta, Joe Reynolds of Tiago, Miss Cora Reynolds of Dallas, Mrs. Zora Engleman of Tulia, and Ed Reynolds of Canyon.

800 Pigs

(Continued from first page) ket, as it will decrease the hog crop of coming years very greatly. However, the scarcity of grain makes it impossible for most farmers to hold their hogs.

S. B. McCLURE SICK

S. B. McClure has been quite sick with rheumatism the past two weeks, but is reported to be better now.

ON FEDERAL JURY

J. C. Anderson and Ed Gerald, both of this city, are serving on the federal grand jury in Amarillo this week.

Mr. and Mrs. O. A. May have had as their guests this week, Mr. May's brother, J. E. May and his brother-in-law, C. W. Morris, both of Chula, Missouri.

REV. J. T. BURNETT

CRITICALLY ILL

Rev. J. T. Burnett, who has been seriously ill for several months, was reported to be losing strength rapidly the last few days. His condition was unchanged this morning.

The following children have arrived to be at his bedside: Mr. and Mrs. W. G. Burnett of Dallas, Mr. and Mrs. Alfred Davies of Bowie, Mr. and Mrs. L. H. Whitten of Amarillo, Mrs. W. F. Jones of Amarillo, and Mr. and Mrs. Whit Bullard of Shamrock.

Indian Relics Are Unearthed in Palo Duro by Workmen

J. B. Elliston states that in the work at the Palo Duro Park about 50 Indian mortars and other Indian relics have been found. The mortars were used to grind corn. Some of them will weigh several hundred pounds.

An Indian village has been located, which will be preserved and will be restored as much as possible as one of the interesting sites of the Palo Duro.

Major J. E. Watson has delegated a group of men to work out the interesting features of the Palo Duro with a view of saving all relics to place in a museum which will be constructed.

LOCAL NEWS

Louis Upchurch left Sunday for College Station where he will attend A. & M. College.

Miss Lillian J. Atkins returned Sunday from San Francisco where she spent two weeks.

A. W. Sternberg and family returned Saturday from a visit in South Texas.

Mr. and Mrs. Sam M. Braswell of Clarendon spent the week end with his mother, Mrs. J. H. Braswell.

Mr. and Mrs. A. K. Goodman returned this week from a three weeks vacation trip to Colorado.

Mrs. E. H. Powell of Clarendon was here yesterday, accompanying her son who will enter the College.

Mrs. Guy Alford of Dimmitt visited with her parents, Mr. and Mrs. A. H. Bryant, one day last week.

Mrs. Harvey Cash spent Sunday in Plainview in the home of her daughter, Mrs. O. J. Laas.

Buck Moore is spending his vacation this week in Colorado.

Mr. and Mrs. Homer Price went to Follett Tuesday, on account of the illness of a relative of Mrs. Price. Mr. Price returned last night, but Mrs. Price remained for a longer visit.

Mrs. Elizabeth Fry Page has returned from a vacation trip to her old home in Tennessee, where she visited relatives and friends, and will be glad to welcome all students to the Little House of Fellowship, where she will be happy to serve them in any way possible.

Mr. and Mrs. R. E. Ball visited in Olney Monday with Mrs. Ball's father and sister.

Mr. and Mrs. John Fry and daughter, Miss Dalma, are moving back to Canyon from Lubbock this week.

EPISCOPAL CHURCH

Rev. Warwick Aiken, formerly of Dallas, now of Plainview, will preach at the Episcopal Church next Sunday night, Sept. 24th, at eight o'clock. Mr. Aiken made many friends upon a former visit, when he spoke to the student body at the college chapel hour, and also upon other occasions when he has been the preacher at the local church.

These friends and all new students and faculty members are invited to hear him next Sunday night, and to meet him afterwards at the Little House of Fellowship.

LeRoy Landers returned Sunday from Chicago where he attended the Century of Progress for the past two weeks.

Palo Duro Peeps

Palo Duro school will open Thursday with Mrs. James Jennings as principal, Miss Owens as primary teacher and James Jennings will drive the bus.

Rev. and Mrs. H. A. Stroebe and son returned Friday after a two-weeks' visit with relatives in Cisco.

Miss Margaret Meyer spent Sunday afternoon in the Henry Miller home.

Mrs. Herman Kuhlman and Mrs. Fred Schuette of this community visited with Miss Flemming who is ill in an Amarillo hospital Friday.

Those of this community who will attend school in Canyon are

Miss Margaret Meyer, who is a freshman in college, and Miss Clara Miller who is a Junior in high school.

Umbarger Items

A number of friends and relatives attended the shower at the home of Mr. and Mrs. George Frank Sunday, for the brides-to-be.

An attractive wedding took place Tuesday morning at St. Mary's church when Miss Ruth Frank and Ernest Hollenstein, and Miss Anna Frank and Clark Ash were married. The Rev. J. J. Dolje, pastor of St. Mary's Church of Umbarger performed the ceremony and was the celebrant of the solemn high mass which was sung by the choir.

Miss Anna Frank wore a white silk gown and her sister, Ruth Frank, wore a white satin gown, both with puff sleeves, and hats to match. They carried assorted bouquets of fresh flowers. Each couple was witness for the other.

The altars were decorated with white, pink and rose asters.

A large crowd attended the ceremony. Following the ceremony a reception was held for thirty-five guests at the home of Mr. and Mrs. George Frank, Senior, parents of the brides. A wedding dinner was served to relatives and friends.

In the evening a dance was held at the Parish Hall to honor the newly married couples. It was attended by a big crowd of relatives and friends.

Both happy couples plan to live in Umbarger.

Mr. and Mrs. Henry Batenhurst were callers in Amarillo Wednesday.

An accident happened when Tony Cotenbrook was penning the chickens last Friday. He set the lantern on a gas barrel. It tipped over, and while he was picking up the lantern, the gas barrel exploded. His hand was badly injured.

Both happy couples plan to live in Umbarger.
